Plaintiff Asetek Danmark A/S ("Asetek") and Defendants Newegg Inc. and Newegg North America Inc. ("Newegg") jointly stipulate, with the Court's permission, to amend the Case Schedule (Dkt. No.34), as provided in the table below.

The patents-in-suit in this action (U.S. Patent Nos. 8,240,362 and 8,245,764) are the same as the patents-in-suit in *Asia Vital Components Co. Ltd. v. Asetek Danmark A/S*, Case No. 3:16-cv-07160-JST ("the *AVC* case"), in which this Court entered a case schedule last week that set dates through the claim construction hearing. The schedules in this case and the *AVC* case are different, with the claim construction hearing in this case set for October 16, 2017, and the claim construction hearing in the *AVC* case set for November 7, 2017. In order to provide the parties additional time to engage in their ongoing settlement negotiations and efforts to informally resolve this case (and ADR if needed), and recognizing the benefit to the Court in holding construction hearings in both cases on the same date, the parties respectfully request and stipulate that the Court modify the schedule in the current case as provided below (to generally track the schedule in the *AVC* case), and so that the claim construction hearing in this case is set for the date as in the *AVC* case, as provided below:
